The Hippodrome.

Barnum's great show was crowded to over flowing last night. The chariot and flat races are about the only features of the entertainment that might entitle it to the name of Hippodrome, but nevertheless it is as Mr. Barnum calls it, a great moral show. Great because of the vastness of its extent, the variety of its performance, and the almost countless host of riders, acrobats and attendants. The canvas covers more space than ten or a dozen ordinary shows, and some of the features of such a character that no one but Barnum would ever think of producing.

The performance opened with the march of the Congress of Nations, headed by the Pope, and including Queen Victoria and train, Napoleon and has marshals, King William and others. The resemblance of some of the mock potentates to the great originals was truly remarkable.

The performance of Lazelle and Wilson and Master Lazelle upon the trapeze was truly wonderful. Satsuma and Little All-Right, in their baiancing feats, wos immense applause. But the great event of the evening was the Grard March of the Amazons, by two hundred young ladles, clad in rich and brilliant armor, who marched and countermarched, going through the entire foot drill in a most graceful and pleasing manner.

The tableau at the close of the drill, lighted up by red and green lights that sparkled and danced upon the beautiful armors, was one of the finest things ever produced in this city.

People who linagine that she Hippodrome is just the same as last year, are mistaken. The general character is the same, but the new attractions that have been added, without mentioning Dan Rice's woncerful borses, would make up a show that of itself would be worth double the price of admission.

Edward Ray, more commonly known as Sailor Ned, who made his first balloon voyage from this city last October, took up one of the lost Donaldson's air ships yesterday afternoon, landing safe and soun't about thirteen miles northeast of the city on the Marietta railroad, in tie neighborhood of Oakley. Ned will make another voyage to-morrow afternoon at 1 o'clock. are about the only features of the entertainment that might entitle it to the name of Hip-

At the Y. M. C. A. Rooms.

The Y. M. C. A. Hall was well filled last night with an attentive audience who listened to the services with evident interest. This was the first of a series of religious meetings which the Association has been induced to commence on account of the special interest which has been manifested at the regu-lar services. Rev. A. B. Morey will speak this evening, to be followed by an inquiry meeting. There is at preent a very evident interest; and a cordial invitation is extended to all to attenu.

A lady asked her little boy, "Have you called your grandma to tea?" "Yes. When I went to call her she was asleep, and I didn't wish to halloo at grandma, nor shake her; so I kissed her cheek, and that woke her very softly. Then I ran into the hall, and said very loud, 'Grandma, tea is ready.' And she never knew what woke her up."

REASON TO REJOICE.

REASON TO REJOICE.

Surrounded as we are by adulterators of food and drink, and living in the midst of their vile products, it ought to produce at least a refreshing sensation to be told where a real and genuine article can be obtained. Such a species of gratification may be had by purchasing a box of Dr. Price's Cream Baking Powder, or a bottle of his Flavoring Extract. Economical house-keepers will no doubt have every reason to rejoice after making such a thrifty investment; for the hiscuits and articles made with Dr. Price's Baking Powder are really elegant, while the flavor to cakes, budding and sauces that his Flavoring Extracts give, are as natural as the fruit from which they are made. Aside from this, their absolute purity renders them wholesome and agreeable to the most delicate stomach.
